Dear Ms Jeandron,

On behalf of the Director-General I am pleased to inform you that at its 154th session in January 2024, the Executive Board of the World Health Organization (WHO) decided to maintain Humatem in official relations with WHO. In making the decision, the Executive Board commended the continuing dedication of your entity in supporting the work of WHO. Please find attached a copy of the decision (Document EB154(12)).

Our colleague Adriana Velazquez Berumen (velazquezberumena@who.int), in the Department of Health Product Policy and Standards, serves as the WHO Designated Technical Officer (DTO) for our official relations. In this capacity Mrs Velazquez Berumen is the focal point for effective implementation of the agreed activities, co-development and validation of annual reports and sharing of information with relevant departments within WHO.

Kindly note that implementation will be reviewed by the Executive Board in January 2027, according to the triennial schedule.

I look forward to our continuing collaboration towards WHO's mission to promote health, keep the world safe and serve the vulnerable.

Yours sincerely,

Loubna Al Atlassi  
Head of Unit  
Due Diligence and Non-State Actors  
Office of Compliance and Risk Management
